tonerbenefit

tonerbenefit

More toner, more prints, more savings

For busy home and offices, with a high print volume[a], a dependable device that is simple to use, and cost effective to run is crucial.

With that in mind, we have designed a range of tonerbenefit devices, that combine speed, affordability and ease of use, all in a quiet, compact unit.

The new tonerbenefit range comes with a host of time-saving features, ensuring that you are never waiting long for that important document. You can now be productive with industry leading print speeds of up to 34 pages per minute. Engineered with a 250 sheet paper tray, together with automatic 2-sided print as standard, puts this range into a class of its own.

[a] Between 500 - 1,500 prints per month

ENERGY STAR

Designed for the home and office.

Quiet without compromise

Print quietly without comprising on speed or quality, operating at the lowest decibel in class (under 50dB). All the models throughout the range are designed to sit on your desk, printing quietly at full speed while you work without interruption.

Designed to go the distance

Built to perform for longer, the new mono laser range has been designed with you in mind. Made from robust and hardwearing materials, and supported by outstanding service as standard. This new range gives you the peace of mind required when running a business.

More toner, more prints, more savings.

Longer lasting toner, delivering reduced cost per page

Printing up to 2,000 pages**, our exclusive tonerbenefit range, enables you to print high volumes[a], with the longer lasting toner cartridge, reducing the cost of every page you print. Each model comes with a 2,000 page** toner straight out of the box, so that you can be up and running straight away.

** Approx. cartridge yield is declared in accordancewith ISO/IEC 19752.
